I hear you trembling voice is lost in the sun  
I know you know why it took me so long - oh you can  
You can understand, can understand  
So come and lighten up my way

It's so hard to eat a soup with a knife  
Or to carry water with your hands  
But stoppin' tears when it's your only desire  
Is that impossible like

Refrain: (2x)  
Should I cry for you oh babe  
or should i say well you see that happens, should i cry  
for you oh babe  
Or should I say well you see that happens

So come and I will close your eyes and you'll shut my  
door  
Together we'll stay that night  
Although a light is shinning through my key whole  
I know it's dark, it's dark

Can't you see, can't you see  
The moon is dancing on the water for me  
Can't you see, can't you see  
The moon is dancing a waltz only for me  
Can't you see, can't you see, the moon is dancing  
She's dancing on the clouds for me

Refrain

When you know, you know it's time to say goodbye  
When you know, you know it's time to say goodbye,  
when you know...  
Step by step I am crossing the dark  
The velvet sky keeps my smile  
I take a chair and you may sit on the floor  
I see you there and I ask

Refrain (2x)

When you know, you know it's time to say goodbye  
When you know, you know it's time to say goodbye...
