Tonight the sky is different,
One star is shining
Tonight the sky is different,
One girl is smiling

Take that chance little girl
I see the stars in your eyes
Take that chance little girl
I see the tears on your smile

Take that chance - little girl

Refrain:
Everything's going over
The world's getting older
But you will be staying my star

Take that night and I know you've got
Nothing to lose
Take that night and I know you're on the
Right way

Take that way and you go,
There's no reason to fall
Take that way and you go,
You'll succeed if you try

Take that chance little girl

Refrain

Tonight - see that sparkling,
See that shine
Tonight - I see your crying,
I see your smile

Tonight the sky is different...

Take that chance little girl...

Take that chance little girl

Refrain

Tonight - one star is shining...
