Refrain:

What does it mean?

I ask you

What does it mean?

Can the world of her head be real?

What does it mean?

I ask you

What does it mean?

Can the world of her head be real?

She likes to go out

And scream an' shout

She likes to go backward

She'd never thought about

That dreams can't become true

Or others could think so

She is a girl like you

But anyway different

Her laughter is warm

But her eyes are cold

Like a lake you can't see the ground, oh still waters run
deep

Refrain

She walks slowly oh, but she needn't follow you, she's
not in a hurry

cause she found her own way

It's difficult and full of mishaps

But she knows what she wants

Oh yeah she loves the moon

Feels the time's comin' soon

When you open your eyes

You'll be surprised

If you give everything a meaning

Oh yeah it will make you happy

If you give everything a meaning

Oh yeah it will make you happy

Refrain

And everybody shook their heads
look at her isn't she mad
And everybody shook their heads
look at her isn't she mad

Refrain

Can the world of her head be real....can the world of
her head be real
