[Mad Child]

Although I -

Although I -

Although I plan to go out with a bang

Not a whimper

I still gotta watch my temper

Watch over both shoulders

Cuz of what I'm in into

Sometimes I get emotional

Cuz of what I been through

It goes - anger, anger

That's one of my hang-ups

You don't wanna rock and roll

Kid, ya head gets banged up

Feel tension

Blood starts pumping

My friends always win in their fights

I still jump in

And I don't have a drinking problem

Drink, talk shit, fall down, no problem

When I drink it's a problem

Cuz I cause problems

Heh, yo

Cold hearted and I'm so robotic

Not like you forgot

But I'm slightly psychotic

I'm here terrorize the world

Uh, the minds up for you boys and girls

< chorus >

[Prevail]

Complete speak

Like a cluster bomb

Cold to death

Hold ya' breath

'Til the dust is gone

From the lost angel city

To the Gotham skyline

We're still public access

But watch us go primetime

I'm cannonball crushed  
Like Cain or Abel  
I reign like Charlemagne  
And just as fatal  
I'm not vain or narcissistic  
Preach like an archbishop  
From the darkest district  
In the killing fields  
Plant seeds of descent  
Fast fascinating demons  
Flashing teams with contempt  
Self-contained  
I'm my own metropolis  
Go against the grains  
For the throne of the populous  
Kingdoms, I want 'em  
Hand 'em over, relinquish  
Or I'll douse them in flames  
That you'll never extinguish  
My right hand writes  
In sequential order  
Eventually I'll make your life span  
Potentially shorter

< chorus >

[Mad Child]

There's so much dirt  
Can't rinse the filth  
Why people concerned  
With my mental health  
Hope to go to heaven  
But I been through hell  
Think I'm going crazy man  
Please don't tell  
Cops hate me  
They want to throw me in jail  
Hate to think they got me alone in the cell  
I'm pretty sure it wouldn't go so well  
Cuz ain't nobody comin'  
When you yell for help

[Prevail]

We're the fast and elite  
The young and the vigorous  
You should probably keep your distance  
Cuz my hungry is hideous  
Tell affiliates and friends  
There's no need to defend  
When the warriors descend  
Is where the story will end

We're ageless and timeless  
You're faceless and spineless  
So let us lead the way  
While they follow in blindness
