Oh, when I come back tonight
After working all day long
The things that make it right
Are the things that make it wrong

So when we're forced to part
I'm only half a man
It's been a life of maybe's
Oh, but now I know I can

Our time has come, girl
So long I've waited
Our time has come, girl
We're gonna take it

Only now I notice things
That for years I just ain't seen
Was I walking in my sleep
Oh, that's how that seemed to me

So don't ask me to explain
All the strange things that I do
And I'm lucky you're in God
'Cause He's got to wait for you

Our time has come, girl
So long I've waited
Our time has come, girl
We're gonna take it

Our time has come, girl
So long I've waited
Our time has come, girl
We're gonna take it

Our time has come, girl
So long I've waited
Our time has come, girl
We're gonna take it

Oh yeah
