I could say the things that make it happen
I'd use all the words that lovers use
I could give the looks that time has given
But this time I'll look away from you

Maybe it ain't right and maybe I'll miss you
Maybe it ain't the easiest thing that I'm gonna do

You have made me feel [Incomprehensible] sometimes pretty bad
I thought I was crazy but you're the one that's mad
Stand up and take a bow for all that you have done
And if you touch yourself
You'll have to find someone else to blame

Maybe in the light of day you'll forgive me
See it now for what it really was
In another time it could all be different
Honey, I was strong but you were not

Maybe it ain't right and maybe I'll miss you
Maybe it ain't the easiest thing that I'm gonna do

You have made me feel sometimes pretty bad
I thought I was crazy but you're the one that's mad
Stand up and take a bow for all that you have done
'Cause if you touch yourself
You'll have to find someone else to blame

Maybe it ain't right, maybe I'll miss you
Maybe it ain't the easiest thing that I'm gonna do

You have made me feel sometimes pretty bad
I thought I was crazy but you're the one that's mad
Stand up and take a bow for all that you have done
'Cause if you touch yourself
You'll have to blame someone
