Baby i cant wait  
just to hold your hand  
and it might take years  
but I'll get there

what i wouldn't give  
every single day  
just to be with you and just to see your face  
and it feels alright staring in your eyes  
tonight

I've waited long enough for love  
and now I'm waiting, waiting  
to see what this could mean for us and see what you  
are thinking

baby i cant wait  
for that perfect day  
when we hit the road and when we run away  
Colorado, where we'll go see snow  
hope you're with me hope I'm not alone

I've waited long enough for love  
and now I'm waiting, waiting  
to see what this could mean for us  
and see what you are thinking

baby i cant wait  
just to hold your hand  
and it might take years but I'll get there

I've waited long enough for love  
and now I'm waiting, waiting  
to see what this could mean for us  
and see what you are thinking
