I lost my way and now I'm hoping  
To find myself, alone I'm crawling  
To deal away this pain, I'm choking  
I know I've tried  
(I know I've tried)  
Hide my sorrow  
This emptiness is all I follow  
I hold it close, it's all I really know...

So tell me  
WHY!  
It's been so long  
WHY!  
To where I'm going  
WHY!  
A thousand miles away...  
And still I'll

Travel on... This road  
Away from you  
It fills my heart with sadness

So soft; the words that have been spoken  
I can't believe it goes unnoticed  
To take the blame all by myself  
Won't see me pleading  
With all the ways I know I'm cheating  
And all the things that keep me breathing  
Are falling down

So tell me  
WHY!  
It's been so long  
WHY!  
To where I'm going  
WHY!  
A thousand miles away...  
And still I'll

Travel on... This road  
Away from you

It fills my heart with sadness  
Travel on... This road  
Away from you  
It fills my heart with sadness

Travel on... This road  
Away from you  
It fills my heart with sadness  
Travel on... This road  
Away from you  
It fills my heart with sadness  
With sadness...  
It fills my heart with sadness...

Travelling on...
