Snowy night

Where it's warm here by the fire

Here with you (here with you)

I have all that I desire

It's been a long year

But somehow we got by

Now it's Christmas Eve

And love is on our side

Chorus:

I don't need a hundred gifts beneath the tree (the tree)

Don't you know the best think you could give to me?

Nothing else will do

All I want is you this Christmas (This Christmas, this Christmas)

Children sing (Children sing)

Christmas carols at our door (yeah, yeah, yeah)

Spreading joy (Spreading joy)

That's what Christmas time is for

Though we don't have much

You've got me and I've got you

And with a little faith

Miracles come true!

Chorus

I don't want the love of any other girl

I want only one thing in this whole wide world

Nothing else will do

All I want is you this Christmas (this Christmas, this Christmas)

Cheek to cheek

The lights are low

A kiss beneath the mistletoe

Your face lit by the fire's glow

That's all I want tonight

(Instrumental)

Chorus

Nothing else will do

All I want is you this Christmas

Yes
