Baby baby we can do all that we want

We're gettin nasty nasty, we're getting freaky freaky

Baby baby we can do more than just talk

Cause I can hear ya hear ya, and I can see ya see ya

Baby baby we can do all that we want

We're getting nasty nasty, we're getting freaky freaky

[Chorus 1]

Digital digital get down (get down) just you and me

(You may be) Twenty thousand miles away but I can see ya

And baby baby you can see me

Digital digital get down (get down) just what we need

We can get together naturally

(We can) We can get together on the digital screen

[Justin]

Every time I'm sittin all alone girl

I can't wait to get you on the phone girl

So pick it up babe

I can see everything you do

Bouncin me from satellite to satellite

I love the things you do for me so late at tonight

So turn me on yeah

It's like I'm right there next to you yeah

[Chorus 2 - Justin]

Can we get connected

I need some love and affection baby

I'll call you on the phone

I hope that I get through

If you're in the mood and on the phone,

here's what you do: leave a message

You know the kind I like to get back to

[Repeat Chorus 1 with Justin's echoes]

Yeah

[JC]

I lose my mind just when you're speaking

I see you on the screen, I get to freaking

So get down babe

And I'll get down for you

I get so excited when I'm watching girl

I can't wait to see you touch your body girl

It's just me and you

So we can do what we gotta do (yeah)

[Repeat Chorus 2 - JC]

[Repeat Chorus 1 with JC's echoes]

Digital digital digital digital get down (get down)

Digital digital digital digital get down (get down)

[Spoken low]

Baby baby we can do more than just talk

Cause I can hear ya hear ya, and I can see ya see ya

Baby baby we can do all that we want

We're getting nasty nasty, we're getting freaky freaky

Baby baby we can do more than just talk

Cause I can hear ya hear ya, and I can see ya see ya

Baby baby we can do all that we want

We're getting nasty nasty, we're getting (oh oh) digital

[Repeat Chorus 1 with digitalized echoes]

[Repeat Chorus 1 with digitalized echoes]
