Techy Ruse

I'm sick and tired hearing all these people study about

What's the deal with this school life and when is it
gonna fade out?

The thing you've got to realise what we're doing is
James Ruse trend

We've got the books 'til insanity, we're gonna study to
the end

C'mon now...

It doesn't matter

'Bout the textbooks that I balance on my head

All that matters

Is that you recognize that it's just about results

It doesn't matter

'Bout the books I read, or what I learn and why

All that matters

Is that we're the best and we top you every time

C'mon now...

Do you every wonder why

The study gets you high?

It takes you on a ride

You feel it when your

Brain starts to fry

Your social life will die

And the books' are all you've got

This must be...RUSE!

Techy Ruse

Nerd, nerd you can't stop

I know you love this

Techy Ruse

This must be...

Now, why is the highest UAI your passion through and through?

Why can't you chill and do the things you once used to do?

If a day without your math book will cut like a knife,

Drop your pens and burn your notes and go and get a life...

It doesn't matter

That I don't need a calculator

All that matters

Is that you recognize it's just about results

It doesn't matter

'Bout the news I watch, or news I read, and why

All that matters

Is that we're the best and we'll top you anytime

C'mon

Do you every wonder why (why?)

The study gets you high? (gets you high)

It takes you on a ride

You feel it when your

Brain starts to fry (brain starts to fry)

Your social life will die (life will die)

And the books' are all you got (nerd, c'mon!)

This must be...

Ooooooh, I'll never get tired of study

Techy, techy, techy

Techy Ruse

Do you ever wonder wonder wonder why

Do you every wonder why (ever wonder why?)

The study gets you high? (study gets you high)

It takes you on a ride

You feel it when your

Brain starts to fry (brains start to fry)

Your social life will die (life will die)

And the books' are all you got (c'mon now)

This must be...

Do you every wonder why (every wonder why?)

The study gets you high? (study gets you high)

It takes you on a ride

You feel it when your

Brain starts to fry (brains start to fry)

Your social life will die (life will die)

And the books' are all you got

This must be...RUSE
