I get a feeling, I can't explain  
Whenever your eyes meet mine  
My heart spins in circles and I lose all space and time  
And now that we're standing face to face  
Something tells me, it's gonna be okay  
And I'm ready to fall in love tonight  
Ready to hold my heart open wide  
I can't promise forever, but baby I'll try  
Yes, I'm ready to fall in love tonight  
I know you've been watching, choosing your moment  
But I've been dreaming of that day  
No one before you has gotten to me this way  
And now that we're standing face to face  
There's something that I need to say  
I'm ready to fall in love tonight  
Ready to hold my heart open wide  
I can't promise forever but baby I'll try  
Yes, I'm ready to fall in love tonight  
Nothing is certain, this I know  
Wherever we're headed, I'm ready to go  
I can't promise forever but baby I'll try

Yes I'm ready to fall... in love tonight

Yes I'm ready to fall... in love tonight

Yes I'm ready to fall... in love tonight
