That girl will never be mine

First time

I saw her at the front door

That girl

Her face on every billboard

Hands down

You won't believe the way she laid her eyes on me

Six feet

What was I thought I got I'd get for

So fly

We got into a small talk

Too bad

She had to move along

One smile and she was gone

Can't explain

I never thought that I was gonna loose my head

Call me insane

There's got to be a way

How can I get next to her?

Now, tell me how it's gonna be done

Will I win or lose this one?

Don't care about the fact
She's in a different league
They say it's no use that I try
That girl will never be mine
Next thing
She's livin' in my TV
And that girl
Is stealin' every daydream
Tough love
She had to be the one for me
When I just sing away
Last night ran into a big thing
Guess what
She didn't wanna see me
They said I was outta line
Who's wrong, who's right this time?
Can't explain
I never thought that I was gonna lose my head
Call me insane
There's got to be a way
How can I get next to her?
Now, tell me how it's gonna be done
Will I win or lose this one?
Don't care about the fact
She's in a different league

They say it's no use that I try

That girl will never be mine

That girl

Is freakin' me out

Don't care about the fact

That she's all that

That girl

Is pullin' out the down

There's no way for me to stop

That girl

Tearin' up the big screen

That girl

Stealin' every daydream

Tough love

She had to be the one for me

She will be mine

No matter what they try to say

There's got to be a way

How can I get next to her?

Now, tell me how it's gonna be done

Will I win or lose this one?

Don't care about the fact

She's in a different league

They say it's no use that I try

They say it's no use that I try

That girl will never be mine
