Game over, game

The game is over

Game over, game

You lose

Game over, game

Oh yeah

Oh yeah

You lose

Invincible, is what you think you are

But you're just so typical

Don't you think that you're a star

You act like everyone revolves around you

Baby, you dropped the ball

And now the game is through

'Cause you tried to play both sides

(both sides)

You got caught up in your lies

(In your lies)

But you're running, you're running out of time

You played yourself (Game over, game)

But did you did you think that you would really find love

from someone else (Game over,game)

You're making moves, you're gonna lose, you know

You played yourself (Game over, game)

And now you're thinkin', thinkin' you can get one by me

But you'll never win, but you'll never win

Try again, 'cause the game is over

The game is over

Take it personal 'cause I did when you cheated on me

You may be beautiful

But there's more that the eye can't see

You're so predictable

The way you calculate each move

Heads I win, tails you lose because you don't have the
right to choose

'Cause you tried to play both sides

(Both sides)

You got caught in all your lies

(In your lies)

And now you're running, you're running out of time
(yeah)

You played yourself (Game over, game)

But did you think that you would really find love

from someone else (Game over,game)

You're making moves, you're gonna lose, you know

You played yourself (Game over, game)

And now you're thinkin', thinkin' you can get one by me

But you'll never win, but you'll never win

Try again, 'cause the game is over (yeah)

Uh

Whoo!

How could you think that you could do me like that?

Running behind my back

How could you do me like that? (do me like that)

Now the game is over (oh)

How could you think you could do me like that?

Do me like that?

Do me like that?

Uh!

Played yourself (Game over, game) (oh)

But did you did you think that you would really find love

from someone else (Game over,game) (?)

You're making moves, you're gonna lose, you know

You played yourself (Game over, game) (played
yourself)

And now you're thinkin', thinkin' you can get one by me

(thought you could get one by me)

But you'll never win, but you'll never win

Try again, 'cause the game is over (oh)

You played yourself (oh oh)(game over game)

But did you did you think that you would really find love

from someone else (Game over,game) (you could find
love)

You're making moves, you're gonna lose,(oh oh oh)

You know you played yourself (Game over, game) (you
played yourself)

And now you're thinkin', thinkin' you can get one by me
(get one by me)

But you'll never win, but you'll never win

Try again, 'cause the game is over
