Uh

laugh

Oh

Hey yeah yeah

Girl when we started baby we were friends

But that's not how this fairy tale is gonna end

See I was thinking then it clicked one day

(clicked one day)

That no one else has ever made me feel this way

Next time I saw you girl I knew I had to try

To tell you everything that I was feeling deep inside

And listen good 'cause what I say is from my heart

So if you're ready

You see I toss and turn when I'm alone

And I just can't wait 'til you get home

Waiting for your call (ooh) 'cause tonight we're gonna
do it all

Girl it's just the two of us

'Cause I'm thinking 'bout you day and night

And I just can't get you off my mind

When you get a minute (ooh) baby I was thinking we
could hook up

It's just the two of us, the two of us

'Cause in a room full of people you're the only one
around

And nothing in this world could ever bring us down

Baby I'll be there telling you I care

This I swear

Girl it's just the two of us, the two of us

Baby I wonder if you feel the same as I do

I wonder if you're going through the things I'm going
through

I sent you flowers on a Saturday (Saturday)

Inside's a letter with a message and no name

See I just love the feeling, knowing that I can make you
smile

And I haven't felt that way about someone in quite a
while

Just listen to these words I have to say (ooh)

Just take a chance (take a chance)

You see I toss and turn when I'm alone

And I just can't wait 'til you get home

Waiting for your call (ooh) 'cause tonight we're gonna
do it all

Girl it's just the two of us

'Cause I'm thinking 'bout you day and night

And I just can't get you off my mind

When you get a minute (ooh) baby I was thinking we
could hook up

It's just the two of us, the two of us

'Cause in a room full of people you're the only one
around

And nothing in this world could ever bring us down

Baby I'll be there telling you I care

This I swear

Girl it's just the two of us, the two of us

It just gets better with each day (maybe someday)

I always wanted to tell you

But I was so afraid

You see I toss and turn when I'm alone

And I just can't wait 'til you get home

Waiting for your call (waiting for your call)

(ooh) 'cause tonight we're gonna do it all

(gonna do it all)

Girl it's just the two of us

'Cause I'm thinking 'bout you day and night

And I just can't get you off my mind

When you get a minute (ooh) baby I was thinking we
could hook up

(oh yeah)

It's just the two of us, the two of us

'Cause in a room full of people you're the only one
around

And nothing in this world could ever bring us down

Baby I'll be there telling you I care

This I swear (I swear)

Girl it's just the two of us, the two of us

Oh

Hey yea yeah
