Uh, *chuckles*, Ooh, Hey yeah, yeah)

Girl when we started baby we were friends

But that's not how this fairy tale is gonna end

See I was thinkin' and it clicked one day (clicked one day)

That no one else has ever made me feel this way

Next time I saw you girl I knew I had to try

To tell you everything that I was feeling deep inside

So listen good 'cuz what I say is from my heart

So if you're ready

You see I toss and turn when I'm alone

And I just can't wait 'till you get home

Waitin' for your call 'cuz tonight we're gonna do it all

Girl it's just the two of us

'Cuz I'm thinkin' bout you day and night

And I just can't get you off my mind

When you get a minute baby I was thinkin' we could hook up

It's just the two of us

The two of us

'Cause in a room full of people you're the only one around

And nothing in this world could ever bring us down

Baby I'll be there tellin' you I care

This I swear

Girl it's just the two of us

The two of us

Baby I wonder if you feel the same as I do

I wonder if you're goin' through the things I'm goin'
through

I send you flowers on a Saturday

Inside's a letter with a message and no name

See I just love the feelin' knowin' I can make you smile

And I haven't felt that way about someone in quite a
while

Just listen to these words I have to say

Just take a chance

You see I toss and turn when I'm alone

And I just can't wait 'till you get home

Waiting for your call 'cuz tonight we're gonna do it all

Girl it's just the two of us

'Cuz I'm thinkin' bout you day and night

And I just can't get you off my mind

When you get a minute baby I was thinkin' we could
hook up

It's just the two of us

The two of us

'Cuz in a room full of people you're the only one around

And nothing in this world could ever bring us down

Baby I'll be there tellin' you I care

This I swear

Girl it's just the two of us

The two of us

It just gets better with each day (maybe someday)

I always wanted to tell you

But I was so afraid

You see I toss and turn when I'm alone

And I just can't wait 'till you get home

Waitin' for your call 'cause tonight we're gonna do it all

Girl it's just the two of us

'Cause I'm thinkin' bout you day and night

And I just can't get you off my mind

When you get a minute baby I was thinkin' we could
hook up

It's just the two of us

The two of us

'Cause in a room full of people you're the only one
around

And nothing in this world could ever bring us down

Baby I'll be there tellin' you I care

This I swear

Girl it's just the two of us

The two of us
