You know we don't care at all

Let, let me see you up, up against the wall

Two step

I was just doin' my thing

Hanging out at the spot

You know the place we go

The music's John Blaze hot

And everybody was feeling the DJ

Smoke cleared and I saw a beautiful lady

The lights went low and the disco ball came down

She walked up to me slow and you know what happens
now

The girl was fine and she knew she had game

What more do I have to say

CHORUS

She took my hand

We never said a word at all

We started grinding

She already had me up against the wall

Ask me about tomorrow

You know that I don't care at all

I just got caught up when she had me up against the wall

You know we don't care at all

(Just get caught up when you're up against the wall)

(We don't, we don't care at all)

You know we don't care at all, let, let me see up, up against the wall

It's almost 2 o'clock

It's time to make my move

The after hours spot

Is where I'm going to

'Cause I gotta have some more

Looking for somebody to hit the dance floor

And lucky for me I see a fine young lady's eyeing me

The lights are low and her friends were all around

I walked up to her so and you know what happens now

She turned around and she worked it the worst way

What more do I have to say

She took my hand

We never said a word at all

We started grinding

She already had me up against the wall

Ask me about tomorrow

You know that I don't care at all

I just got caught up when she had me up against the wall

She already had me up against the wall

Mirror mirror on the wall, who's the cutest one you saw?

She's underneath the disco ball. The disco ball? The disco ball.

Standing next to strobe lights, dancin' hot, lookin' tight

The freaks sure do come out at night, out at night,
night, night, night

What more (whoo) do I have to say

Two step

She took my hand

We never said a word at all

We started grinding

She already had me up against the wall

Ask me about tomorrow

You know that I don't care at all

I just got caught up when she had me up against the wall

She took my hand

We never said a word at all

We started grinding

She already had me up against the wall

Ask me about tomorrow

You know that I don't care at all

I just got caught up when she had me up against the wall

I just got caught up when you had me up against the wall

We don't, we don't care at all

You know we don't care at all

Just get caught up when you're up against the wall

We don't, we don't care at all

You know we don't care at all

Let, let me see you up, up against the wall

We don't, we don't care at all

You know we don't care at all

Just get caught up when you're up against the wall

We don't, we don't care at all

You know we don't care at all

Let, let me see you up, up against the wall
