Time's on our side
We've got the windows raised up
Summer breeze in your hair
I just can't get enough
With sheets on the floor
And some of the world that we're in
It feels so good, you ought to be a sin

I wanna dream it all over again
Close my eyes and relive what we just did
I wanna hold you close
'Til we fall asleep
And soak this in
Dream it all over again.

I love your sly little smile
When you're hungry for a kiss
You it never gets old, anything that it is

I wanna dream it all over again
Close my eyes and relive what we just did
I wanna hold you close
'Til we fall asleep
And soak this in
Dream it all over again.

Tossin', turnin'
Let it burn us
Till we're both brand new
Can't get enough of you
Before the nigh is through

I wanna dream it all over again
Close my eyes and relive what we just did
I wanna hold you close
'Til we fall asleep
And soak this in
Dream it all over again.

I wanna soak this in
Dream it all over again.

Dream it all over again.
