Put your finger in the air, in the air.
Put your finger in the air, in the air.
Put your finger in the air, and hold it right up there.
Put your finger in the air, in the air.

Put your finger on your cheek, on your cheek.
Put your finger on your cheek, on your cheek.
Put your finger on your cheek, leave it there a week.
Put your finger on your cheek, on your cheek.

Put your finger on your nose, on your nose.
Put your finger on your nose, on your nose.
Put your finger on your nose, and see if it grows.
Put your finger on your nose, on your nose.

Put your finger on your ear, on your ear.
Put your finger on your ear, on your ear.
Put your finger on your ear, and leave it there a year.
Put your finger on your ear, on your ear.

Put your finger on your finger, on your finger.
Put your finger on your finger, on your finger.
Put your finger on your finger, leave it there, let it
linger.
Put your finger on your finger, on your finger.
