Fire, fire, running through her veins
She's got nothing to lose, but a big mistake
She's got fire, fire running through her veins
She's got nothing to lose, made a big mistake

Take my hand, I won't make you sorry
I won't give you no reason to worry
Cause you're the reason I lift my heels up
And all negative points fade into dust

Hold me down, don't ostracise me
I can't breathe, you smother me
With good advice, you think you know me, I
Don't know myself

She's got fire, fire, running through her veins
She's got nothing to lose, but a big mistake
She's got fire, fire, running through her veins
She's got nothing to lose, but a big mistake
