Please, don't let it get to you
Even if you don't realize it
It's still all up to you
Even if you don't
Even if you don't realize it
It's still all up to you

I want to, even when it don't make sense
Even when it don't make sense
Actually I want you more when it don't make sense
So please, don't let it get to you
I know that you won't realize it
But it's still all up to you
I know that you won't,
I know that you won't realize it
But it's still all up to you

You're not going to get it exactly how you want it
That doesn't mean that you shouldn't try on
And it's not gonna feel the way that you expected
And it's gonna hurt to figure it out yeah
But if you're patient and you're kind
I don't know why
It's so fun, and how come I still think of it right now

Please, don't let it get to you
Even if you don't realize it
It's still all up to you
Even if you don't
Even if you don't realize it
It's still all up to you.
