I Found it I found it believe me I've cut it out

its all comin down

i wasn't i wasn't makin it up
i'm a faker but i wasnt fakin [x2]

you'll fear it you made it keep listening
you're all dead you're all dead you're all dead you're
all dead
you're all beggin annihilation don't listen
you'll be dead you'll be dead you'll be dead

shoulda shut your mouth [x2]
coulda waited coulda waited to figure it out
shoulda shut your mouth [x2]
coulda waited coulda waited coulda waited it out

it any so steady i'll make it the last man alive
you'll beg me for mercy so sorry for cryin wolf
