Sunlight falls across my sky, I see the beauty of it all.
Traced in waves my pure delight, expectation never falls.

Arms out wide the worlds a sea, this is the beauty of it all.

I'll share my deepest memory...of you.

Sunlight falls across my sky, I see the beauty of it all.
Traced in waves my pure delight, expectation never falls.

Arms out wide the worlds a sea, this is the beauty of it all.

I'll share my deepest memory...of you.

Now I'm looking back at all the things I've done.

Though I never really gave it all.

It's the truth I'm only speaking my mind.

I'm looking back at all the things I've done.

Though I never really gave it all.

It's the truth I'm only speaking my mind.

I wish you had a little more time.

Looking back at all the things I've done.

Though I never really gave it all.

It's the truth I'm only speaking my mind.

I wish you had a little more time.

(Time) A little more time... (Time) A little more...

(Time) A little more time...

Sunlight falls across my sky, I see the beauty of it all.
Traced in waves my pure delight, expectation never falls.

Arms out wide the worlds a sea, this is the beauty of it all.

I'll share my deepest memory...of you.

I'm looking back at all the things I've done.

Though I never really gave it all.

It's the truth I'm only speaking my mind.

I wish you had a little more time.

Looking back at all the things I've done.

Though I never really gave it all.

It's the truth I'm only speaking my mind.
I wish you had a little more... (Time)
(I wish you had) A little more time. (I wish you had) A
little more...
(I wish you had) A little more time. (Time)
