And if you listen now  
You might hear a new sound coming in  
As an old one disappears  
See the world in just one grain of sand

You better take a closer look  
Don't let it slip right through your hand  
Won't you please hear the call  
The world says

Put the message in the box  
Put the box into the car  
Drive the car around the world  
Until you get heard

Now is the moment, please understand  
The road is wide open to the heart of every man  
A few simple words  
So a mule could understand

He don't want tomorrow  
If it's just crumbling into sand  
Won't please hear the call  
She says

Put the message in the box  
Put the box into the car  
Drive the car around the world  
Until you get heard  
Until you get heard

The world says  
Give a little bit  
Give a little bit of your love to me  
'Cause I'm waiting right here with my open arms

Give a little bit  
Give a little bit of your soul to me  
'Cause I'm waiting to behold your many charms  
Is that love in the air? She says

Put the message in the box

Put the box into the car  
Drive the car around the world  
Until you get heard

Until you get heard  
Until you get heard  
Until you get heard  
Until you get heard
