Positivity

Positivity, please won't you breathe on me?

Positively

I'm positively freezing to death

I want to find my way to my own time

Relativity

I'm waving at you while you driving by me

Relatively

It's getting harder to catch their breath

I want to find myself in a good time

Faith

You don't need to believe it

Faith

'Cause they're just going to deceive you sooner or later

Sooner or later

Sensitivity

I'm in need of those things that you do to me

Sensibility

Having a feeling is not enough

Don't want to walk on by my own time

Possibilities

The possibilities dance all around me

Momentarily

Just takes a second to lose your way

But I can find myself in my own mind

Faith

You don't need to believe it

Faith

'Cause they're just going to deceive you sooner or later

Sooner or later

And I know, I know, I know, I know

I know, I know, I know, I know

I know, I know, I know, I know, I know, I know, I know
I know, I know, I know, I know, I know, I know

Know and you'll feel so sure
Sooner or later
I'll find out
Sooner or later

Find myself
Find myself

Faith
You don't need to believe it
Faith
'Cause they're just going to deceive you sooner or later
Sooner or later

Faith
You don't need to believe it
Faith
'Cause they're just going to deceive you sooner or later
You'll find out sooner or later

You'll find out sooner or later
You'll find out sooner or later
You'll find out sooner or later
