The-The-The The Unbeatables...
Uh-huh, The Unbeatables (echo)

Many places and so many faces,
I've never liked it, I've never liked changes
I remember when I sat I couldn't make it
Until they saw me tourin' performing on stages
I'm not famous and far from the statest
You see I'm not the best, man I'm far from the greatest
I appreciate you takin' the time to listen to my music
And stick it on your playlist
I feel depressed everyday I feel wasted
And everyday I'm getting sick of going through phases
I feel lost like I'm trapped in the basement
The cuts on my wrist got me feelin' so painless
See it's hard, and it's all to erase it, I wanna make it
right
And try and turn the pages and yeah I messed up I
failed
To embrace it see I hate this, I just wanna make it

[Chorus 2x]
Times like this got me quittin' for sure
But the support that I get, got me giving you more
I take it step by step until I'm the best 'cause
Never once did I settle for less
The-The-The- The Unbeatables...
Uh-huh, The Unbeatables (echo)

I've been away from a place, hard to come back
Back to stages and ravens and done tracks
I was busy making music for music, and now I'm comin'
Back and making music for you shit!
I just need to stop caring, getting angrier need to stop
swearing
(Why dat)
But it's hard when I use to rip stages, and everybody's
playlist
Now everything they're making it wasted, I think need
to wait,
I need to take a breath, I need to take a break, I was

running with the flock
Now it's time to breakway they tell me I'm a shepherd,
they tell I can make
It, I've been down so many roads I don't know what to
take
I met so many bands that it's hard to see fake, sayin' I
can help you make it
We do it big or hark ye walk will do it on my own or do it
big or give it up!

[Chorus 2x/Talking]

Times like this got me quittin' for sure
But the support that I get, got me giving you more
I take it step by step until I'm the best 'cause
Never once did I settle for less
The-The-The- The Unbeatables...
Uh-huh, The Unbeatables (echo)

We're in hell right now gentlemen, believe me
... and we can stay here get the shit kicked out of us
... or we can fight our way back into the light
We can climb out of hell (echoes 3x)

Just facin' the facts while I'm making this track
Made mistakes in the past ain't no taking it back
Was played in the past, hated and attacked when they
both
Came around it wasn't make it last
See I was a fool, and he wasn't really worth it
I know pain deep inside got me hurtin', but the change
that
I made wasn't working and so many lies in my life I've
been hurt with
(Hurt with) (echo)) and I'm getting sick of fighting all
the time
See I hate this I'm getting sick of crying all the time
I never understood why you lied all time, I look to her
now
Is why I tried all the time, see I never told you before I
was perfect
'Cause the truth is I'm useless and worthless
So I decided to put it into verses, I wanna make it right
and try and find
A purpose

[Chorus 2x]

Times like this got me quittin' for sure
But the support that I get, got me giving you more
I take it step by step until I'm the best 'cause
Never once did I settle for less
