I've stepped out, I'm free  
Now's time to peddle my own wares  
What's alright with me  
Has never been a priority of theirs

I was so sick of it all  
No way to be

Free me, let me out  
Release me from this doubt  
And I know that I don't ever  
Want to pass this way again

So glad to be gone  
Living my life at a slower pace  
I'm off with a yawn  
Taking time off from the rat race

I'll have no regrets  
When all's said and done

Free me, let me out  
Release me from this doubt  
And I know that I don't ever  
Want to pass this way again

It was all I could take  
It was all I could fake  
It was all I could forsake  
At the time

You go ahead  
Screw yourself into the ground  
I'll take it easy instead  
Enjoy some life while I'm around  
At the end of my time  
It's me who'll be proud

Free me, let me out  
Release me from this doubt  
And I know that I don't ever  
Want to pass this way again

It was all I could take  
It was all I could fake  
It was all I could forsake  
I'm alive
