(music arcwelder, words s macdonald)

The devil works inside the man
The man who hides behind the make-up
How many say I shook the hand
Of the man behind the make-up

There's a tornado in my mind (my mind contracts in the
scope of a year)

Where the echo never stops (stop all the love and the
hope and the planning)

If you turn and walk away (away from the sadness and
lies and the fears)

What will happen to me now (now that it's said and
been done all over again)

How did wrong become a right
For the man behind the make-up
What's so blinding is the sight
Of the man behind the make-up

There's a tornado in my mind (mind if you do if you
don't I don't care)

Where the echo never stops (stop all the doubts and
give in to emotion)

If you turn and walk away (away from the thoughts that
are too much to bear)

What will happen to me now (now that it all is uncertain
again)

A nation bows before the name
Of the man behind the make-up
Singing songs won't hide my shame
Of the man behind the make-up

There's a tornado in my mind (mind that the panic has
lead to a meltdown)

Where the echo never stops (stop the lies and tell us
the truth)

If you turn and walk away (away from the people
enough this is wrong)

What will happen to me now (now that our whole worlds
are falling apart)
