(music: arcwelder lyrics: s.macdonald)

Wish I weren't so sensitive - that I could blow it off
and wish you the best but that's just me and I just can't
Didn't even care at first but you reeled me in
and now I'm hanging here deboned and gutted

[chorus]

What was I doing? What was I thinking?
Where was I going? Why did I care?
What was I doing ? What was I thinking?
What was I asking? Why did I care?

Keep your distance so I can heal - don't you pick at my
scabs

I can't allow myself to feel but I'm weak and I want you
It's not my fault that you don't know what you want
I will laugh at this tomorrow if I can ever fall asleep

[chorus]

Some days are better than others - this must be one of
those others

So I hide behind the fans - they make me feel OK
I will pull myself out of this - there is light at the end of
the tunnel

As long as you don't blow it out with your sweet and
sour breath

[chorus]
