Baby, come back
Won't you please come back
Stay tonight
Hold me tight forever, ever

Baby, come back, back
Won't you please come back
Let's feel all right
Day and night forever, ever

Why can't I pick up the phone
Just to call you like before?
(Ooh)
To tell you how I miss you, girl
You're the one that I adore
(One that I adore)

I guess I'm scared to lose you now
Please forgive me all I did
(Forgive me all I did)
'Cause, baby, if you'll leave
You're leaving me crying, crying

Baby, come back, back
Won't you please come back
Stay tonight
Hold me tight forever, ever

Baby, come back, back
Won't you please come back
Let's feel all right
Day and night forever, ever

Back, back, baby, come back
Back, back, baby, come back
Back, back, baby, come back
Back, back, baby, come back

Every time I close my eyes
There's a vision on my mind
(Ooh)
I guess you are the reason why

Baby, please give me a sign
(Give me a sign)

Let me build my world around you
Give you everything you need
(Everything you need)
For, baby, if you'll leave
You're leaving me crying, crying

Baby, come back, back
Won't you please come back
Stay tonight
Hold me tight forever, ever

Baby, come back, back
Won't you please come back
Let's feel all right
Day and night forever, ever

Back, back, baby, come back
Back, back, baby, come back
Back, back, baby, come back
Back, back, baby, come back

Baby, come back, back
Won't you please come back
Stay tonight
Hold me tight forever, ever

Baby, come back, back
Won't you please come back
Let's feel all right
Day and night forever, ever

Back, back, baby, come back
Back, back, baby, come back
Back, back, baby, come back
Back, back, baby, come back
