I can see you girl  
And the clothes you wear  
Every minute, in my mind  
?Cause I?m missing you  
And I never knew  
Any other girl so fine

All the times we walked  
But we never talked  
Never told you I cared  
All my stubborn pride  
Kept my love inside  
Now I?m calling, you?re not there  
How can I sleep tonight?  
I gotta let you know  
I really love you girl and I gotta let it show

This song was begging to be written baby  
It was begging to be written about you  
And you know these words are true  
This song was begging to be written baby  
And you know it?s driving me crazy  
Without you

It?s a lonely world  
Now I need you girl  
And the words is going round  
That you said goodbye  
For another guy  
Even though I want you now  
I?ve tried to find you girl, there?s got to be a way  
To tell you how I feel and the words I couldn?t say

Suddenly I?m the fool  
Who let you get away  
Before it?s over baby  
There?s something I must say (Spoken)
