"Everyway"

You know that I'm so glad I've found
My one and only true love
No more running around
I know you well, enough to know
This is just beginning

It's a heaven sent emotion
Just let it flow - give me your affection

Refrain:
Everyway, that you move, you drive me crazy
Everyday, want to spend it just with you
Anyway, I can get close to you baby
Got to make you my girl

I knew at once that it would be
My life spent in eternal love
At last I can be me
I've had a change in my direction

It's a heaven sent emotion
Just let it flow - right in my direction

Refrain
