(She was older)
Older by years she was
All I'd been dreaming of
(Sure) sure and so competent
She must have been
Heaven-sent

She looked at me smiling
Breathing and saying (sighing)
And I felt like crying
She said
Boy, you can stay with me
Through the night
You know I loved
That woman outa sight

Everybody needs someone
To show them how (show them how)
Even though her touch
Is just a memory now
I won't forget that moment
I lost my innocence
The day I became
Experienced

(Heaven don't)
Heaven don't make mistakes
A lesson is all it takes

From the beginning
She did the teaching
And I was so willing
Sharing the feelings
Of love that way
I'm never gonna forget the day

Chorus

I won't forget the moment
I lost my innocence
The day I became
Experienced
