Hold on to the love you've found
Cos love is ... I will always be around
You have made my dream come true
My dream is ... somebody to love like you

And never be afraid
No matter what's in store
I want to be with you forever more

Chorus:
Love is ... not just a word you say
It's a very special thing
It means more than just a ring
Love is ... not just a game to play
It could easy break your heart
If you're not ready from the start

Think about the times we shared
And love is...
Showing you how much I cared, oh baby
You're the one I'm looking for
Now I need ... never be alone no more

I'll never be afraid
To give my heart to you
I want to love you for ever more

Chorus ...

Saxophon solo

Chorus ... (2x)
