All of my friends they say  
Who needs love or a family  
On your own (much better be)  
All alone (much better be) to run every fantasy  
I was the same until  
You came round like a miracle (ahha)  
Saw those eyes (I wanted you)  
Warm and wise (I wanted to stay)  
So close wasn't only physical

Refrain:

More than just one night  
(Want to be there with you)  
More than just one night  
(Want to be there to give)  
More than a kiss (I wanted you)  
More than this (it's got to be)  
More than just one night

Here in my heart, I know  
Love blows strong like a hurricane  
But this time (you were different)  
You're so fine (so innocent)  
Girl please say oh you'll let me stay again

Refrain

There was a time oh when anyone  
Would be mine - you made a difference  
And it's not just one more line  
'Cos it's true (oh it's true) - I want you  
(Only you) and I need to know  
You'll let it be for ...

Refrain
