I know we're you've been
I know just what you've seen
You're cheating
Just how many times
I've listened to your lies
I'm leaving

Time is what you ain't got, girl
You've got all the lies to fill the world
Everything you say and do

Chorus:
It's the same old promises
Telling me that you'll be true
It's the same old promises
Always been the same with you

Thought we'd left those days
And your wicked ways
Behind us

You'll never change your mind
We've run right out of time
Love can't find us

Looking for the hearts that's true
'Cos there is only one thing wrong with you
Everything you say and do

Chorus...

It's the same old promises
Telling me you're here to stay
It's the same old promises
Every single word you say

Just the same, just the same
Just the same, just the same
Just the same, just the same
Just the same, just the same

Time is what you ain't got, girl

You?ve got all the lies to fill the world
Everthing you say and do

Chorus... (2x)
