Refrain:

Someone like you
Makes me feel alive
And someone like you
Should be by my side
It's time to change now
I need a hand
'Cause broken hearts
Will never mend
Without your love I just can't survive
Someone like you
Makes me feel alive

Anytime that I feel blue
Life is cold and lonely
And I need a friend
(Anytime you need a friend)
Even in my darkest night
You were close and promised
To be there for me
(I'll be there for you, wherever you may be)
I still can't believe it how could I go wrong
Why did I ever let you go

Refrain

I remember every day
We've been more than lovers
We've been more than friends
(We've been so much more than friends)
Didn't mean to break your heart
Always and forever isn't long enough
(For every reason long enough for me)
I still can't believe it
How could I go wrong
Why did I ever let you go
