Baby you got me
Right between the eyes
Never knew what hit me
Took me by surprise
Your love has broken me in two

Refrain:

You said you'd love me from the start
You said you'd never break my heart
You said I was your one and only
You said you'd never leave me alone ...
... again

Baby you hurt me
More than you could know
I never thought you would leave me
How could you just go
Your love is breaking up my heart

Refrain

You think you're breaking my heart
But you're setting me free
Oh baby won't you change you mind

Refrain
