Ref: If you wanna feel stronger  
and live much longer,  
than smokingÂ´s not the way  
couse thatÂ´s the worst to do today  
The easeset thing is donÂ´t start to do it,  
so use the better way and just go true it

Rap1: DonÂ´t smoke!- ThatÂ´s what i say  
think about the people that die of it today  
Imagine how discusting it feels,  
to kiss a woman with a brath that kills  
I wouldnÂ´t try this shit,  
even if I was Robert DeNiro.  
So baby take a look at it,  
and stop feeling like a zero.

Ref:

Rap2: IÂ´m back!- You better stop smoking  
couse youÂ´re driving out of the track.  
How would you feel,  
to kill somebody with your cars wheel?  
If you wanna get rid of this feeling,  
so stop eat smoke thatÂ´s killing.

Ref:

Rap3: If you thought I left, youÂ´re wrong.  
IÂ´m helping you to get friends  
from the people you fell lost among.  
If you wanna get friends so stop smoking.  
You will live a life that never ends and say:  
"IÂ´m in the sky - walking!!"  
So all the smokers that have hird this song,  
You are losers, and donÂ´t think IÂ´m wrong.

Ref:

End words: So I will leave you now, and i hope that you  
have learnd a bit.  
If anybody asks you how,  
just say: DonÂ´t try that shit!
