All of my life I've been waiting for you

Tear down the walls  
I'll take everything.  
And I'll show you all of the things we can do

Don't make a sound  
don't say anything.

Girl's got a brand new toy

She don't know how to play  
she don't know how to play with it.  
Girl's got a brand new boy

She don't know how to play  
she don't know how to play with him.

Make a decision there's no time to loose

Dream of the night  
love will let you in.  
'Cause little tin soldiers won't tell you the truth

Don't hide away  
only your heart can win.  
Girl's got a brand new toy

She don't know how to play  
she don't know how to play with it.  
Girl's got a brand new toy

She don't know how to play  
she don't know how to play with it.  
Girl's got a brand new toy

...

Girl's got a brand new toy

She don't know how to play  
she don't know how to play with it.  
Girl's got a brand new toy

She don't know how to play  
she don't know how to play with it.
