Your eyes are cold like steel.
You don't flinch and you don't feel
And a friendship forged in fire, don't mean nothing to
a liar.

Well its pain you're creating
Your loyalty's always changing
And your lies ,tight as wire
Come so easy to a liar

Well I try I try
to defend you
Justify my misplaced faith
Hollow man
your time is going to come
And I'll spit
right back in to your face.

Liar Liar

You can expect what you have given
The price you pay,
this lie you're living
Sell your trust
then cheat the buyer

One day you'll pay,
lonely liar.
