Every day, every night  
I find myself dreaming of all the things I might  
Do To you, and do for me behind closed doors where  
nobody else will see  
I know when I get you alone  
There's gonna be trouble  
Just hope that I won't lose control  
I'll have you seeing double  
Fanasties and dangerous dreams  
All have my head spinning in a world of schemes  
What to do when it's up to me to  
Tale you places you have never seen

#### CHORUS

All of my life They told me I'm wrong  
I thought they were right, but then you came along  
I finally believe, I finally can see  
I was right all along, and it brought you to me

#### CHORUS
