I hear you loud and clear,
I'm not setting out to fail, I won't be here
Very long, I've read your words,
I'm not that strong but I'm still undefeated
I've run and I've been passed around undone
The only light up ahead
Is closing in on me

Crash, crash, I'm still waiting
Now, now, liberate me
Everyone you know is at you
Every face is unattractive now

And is this how you said
It should be a tragic year you shaped for me
I'm waiting for, I'm waiting for this life to end
A resolution, a reunited friend
And as I fall to my knees
I want your hands to surround me

Crash, crash, I'm still waiting
Now, now, liberate me
Everyone you know is at you
Every face is unattractive
Crash, crash, I'm still waiting
Now, now, liberate me
Everyone you know is at you
Every face is unattractive now
