Wasted in a crowded bar of has-been's  
Line them up I guess I'm number one  
When in the corner of my eye I see you coming  
But you never get that far

Well I don't know your face  
Or where you're from  
But I do know  
I need to know your name  
And as long as you're not,  
Not bitter then you, you'll be mine

Well it's such a shame we didn't meet  
When everything was perfectly in tune  
But I'm addicted to your very nature  
Your poison words have never felt so warm

Well I don't know your face  
Or where you're from  
But I do know  
I need to know your name  
And as long as you're not,  
Not bitter then you, you'll be mine

You're not getting through,  
You're not getting through,

Well I don't know your face  
I don't care where you're from  
But I do know  
I need to know your name  
And as long as you're not,  
Not bitter then you, you'll be mine  
You'll be mine
