Get It Low
If you know it
If you know it
Know it
Know it

Get it low
If you know it
If you know it
Know it
Know it

I been walking down
Down the streets
Thinking about
What you've done to me
I been loooking everywhere
For someone new to love
But everywhere i search
I only find
Careless
PEOPLE
I only find - I only find
Careless people
And everybody knows
Everbody knows it
Everybody knows it
It's the careless people
Its the heartless people
Its those without hearts
That hurt us all..
And even if u dont k now
I will still be looking for
You
You
You
You
You
....
I will still be looking for you... x6
Upside and down

Everywhere go i still look behind me
Maybe I'm still afraid
That you're the one behind me
And if only i knew
If only I knew
What you would have done
I wouldn't have to walk down
Down down down
This road
This road
Aloooone
Down down down
Down down down
If Only I kneeeeww
I would've been somewhere else right noooow
Nooooww uuuh
yeah
Somewhere else
If only I knew
