I'm am at my very end  
I've tried all that seems right  
I'm coming closer to the beginning  
Look through the start of our new life

Without out stretched arms I'm broken  
And yet before You come change me  
This is a sound of desperation  
I fumble how it's coming clean

We cry aloud, afraid of some

All we want is the love that was on the cross  
All we need is Your blood to comfort us  
All we desire is for You to fill this place  
We shout it out, we're free

Repentance is our desire  
Come fill our hearts with Your holy fire  
This is the sound of desperation  
The cry of Your creation

We cry aloud, afraid of some

All we want is the love that was on the cross  
All we need is Your blood to comfort us  
All we desire is for You to fill this place  
We shout it out, we're free

All we want is the love that was on the cross  
All we need is Your blood to comfort us  
All we desire is for You to fill this place  
We shout it out, we're free

We shout it out, we're free  
We shout it out, we're free

All we want is the love that was on the cross  
All we need is Your blood to comfort us  
All we desire is for You to fill this place  
We shout it out, we're free

We shout it out, we're free  
We shout it out, we're free

We shout aloud  
With the everlasting song  
We join with the angels and cry  
Holy is the Lord

We shout aloud  
With the everlasting song  
We join with the angels and cry  
Holy is the Lord

We shout aloud  
With the everlasting song  
We join with the angels and cry  
Holy is the lord

We shout aloud  
With the everlasting son  
We join with the angels and cry  
Holy is the lord
