

Worth Dying For "Glorify"

Here I am
Come take my world apart
I'm broken now
Just leave me to Your heart
Take me as I am
Take these empty hands

Glorify, Glorify
The risen Son of God
Glorify, Glorify
Our Savior Jesus Christ

Let me be
A reflection of Your life
Sing through me
A song to lift You high
In this world I'll stand
Raising holy hands to

Glorify, Glorify
The risen Son of God
Glorify, Glorify
Our Savior Jesus Christ

Every knee will bow
Let me be the first
To fall before You now
