

Worth Dying For "Love Riot"

Our hope now is rising
The darkness we're fighting
Our voices uniting
Love shatters the silence

We have been infected
Our world is affected
You paid for our freedom
We fight for Your kingdom

Start a riot, for the sake of love

Our hearts now beat with the love You gave
Our world is changed 'cause You made a way
We're breaking free from the enemy
We are, we are, the love riot

We have been infected
Our world is affected
You paid for our freedom
We fight for Your kingdom

Start a riot, for the sake of love

Our hearts now beat with the love You gave
Our world is changed 'cause You made a way
We're breaking free from the enemy
We are, we are, the love riot

[x2]

Love riot
Turn the city upside down
Love riot
For the name of Jesus
[x4]

With Your love, with Your love, I'm breaking free
Now Your love, now Your love's, alive in me
Can you hear, can you hear the sound of love
[x2]

Our hearts now beat with the love You gave
Our world is changed 'cause You made a way
We're breaking free from the enemy
We are, we are, the love riot

Love riot
Turn the city upside down
Love riot
For the name of Jesus
[x2]
