

Worth Dying For "My Only One"

Visit "[My Only One](#)" on MotoLyrics.com

All I need in this lifetime is You now
With every breath I'm getting closer to You
I'm never gonna stop reaching out to You
All I can do is yell out

I wanna feel wanna know wanna touch You
I'm trusting You with every step I take
I throw my life into Your hands
Knowing You have the perfect plan

And I'm running to be with You
And I'm longing to see Your face

I could never let this love die down anymore
'Cause You're the only one I'd give my life for
I could never give my heart away to anyone
I give it all to You my only One

More of You, less of me
Every part of my life I give away
Without You, I'm incomplete
I need You desperately

We lift our voice, screaming out to this world
'Cause all we really want is You now
'Cause You're the only One who can save us
