

## Worth Dying For "Savior"

We stand up, we rise up  
To give our lives up for this  
This burden, this passion  
To burn our lifetime for You  
Burn for You

Savior, send Your  
Presence to this dying world  
We need it  
To breathe it  
So come and release  
Your fire again

We stand up, we rise up  
To give our lives up for this  
This burden, this passion  
To burn our lifetime for You  
Burn for You  
(It's like a fire shut up in my bones)  
Burn for You

Savior, send Your  
Presence to this dying world  
We need it  
To breathe it  
So come and release  
Your fire again

We stand, we rise  
We give our lives  
[x4]

Savior, send Your  
Presence to this dying world  
We need it  
To breathe it  
So come and release  
Your fire again

So come and release  
Your fire again

[x2]
